ABOUT US

Parquet LAB is that we have been successfully developing for last 8 years under the auspices of DIN TIM.

DIN TIM is family company that has existed since 1988. The company was originally established as an independent craft shop, we developed over the years and grew into the company DIN TIM DOO.

We invest great effort and dedication in finding and presenting the perfect balance between creativity, design and art on the one hand, as well as form, functionality and practicality on the other.

It's well known that work speak more than words, so dive into our story and find something for you in one of our collections.

Parquet lab

An innovative and extremely creative offer of wooden elements for floor and vertical surfaces brings a whole new dimension into design and appearance of the interior. They say that the quality of an interior is reflected in interesting details that attract users' attention from the moment of entering the room, and we are ready to prove it with our products. Let all residential, commercial and business areas now enjoy a special dose of innovation, creativity and aesthetics.

Parquet LAB is distinguished above all by a high degree of quality, attention to the finest details, aesthetics, creativity, as well as many other factors that you will definitely recognize yourself if you dive into the world of Parquet LAB, because in DIN TIM we try to create something that is out of its time, something that will gain value and resist time. One of the main advantages of DIN TIM products is that we avoid the concept of uniformity, which is a great shift in relation to the many products that we encounter every day.

But do not just believe in the word, but you yourself decide what it is that separates us from others.

Parquet LAB has **4 types of parquet** so far, and we are devoted to the design of new models that will complete the existing collection.

Parquet in our offer:

 **Baroque**

 **Perla**

 **Puzzle**

 **Porifera**

//BAROQUE

Although the term BAROQUE in its base designates a pearl of irregular shape and less value, our BAROQUE is the most beautiful pearl among the parquet floors. The carrier of the new design, level of quality, Baroque is an ideal combination of old and new, classical and modern, rustic and elegance. The unusual shape and the bare surface of elements add the spirit of classics and elegance, as well as the timeless style to any space, and bring special aesthetics that will surely enrich your home and give it a great amount of warmth and playfulness. Designed and shaped to leave it breathless, it represents the future of luxury class parquet.

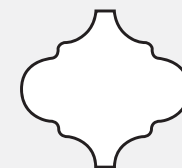

Are you ready for something completely unusual and original?

Innovative Circular Design is the ideal solution for a wide range of interiors, because thanks to its minimalist design it easily fits in and combines with other styles. Minimalist design gives it a sophisticated look, while a circular shape emphasizes its beauty and elegance. Ideal is the choice for different types of rooms, and it is quite certain that the space in which it is found will be striking and easily recognizable. The circles representing the final stage of internal refinement and the achieved harmony of spirit, overlap in pearls and thus form a soothing and harmonious whole which is an ideal choice for different types of rooms, whether residential or business, and certainly adds to the impressiveness and originality of the space in which it is located.

Sometimes beauty and elegance are reflected in the complexity of the elements that form the space, as well as the way they are connected so that they form a unique and easily visible whole. With this design, we wanted at the same time to achieve the complexity of the elements and the simplicity of the whole, and we think we have succeeded in doing so. Ideal for interiors where there are not too many dominant elements and colors that stand out, their shape, will complement the space in an innovative way and give it a dose of creativity and youthful spirit. Be playful, use your imagination and arrange puzzle of your life.

CHARACTERISTICS

Our production is exclusively based on oak wood parquet because the oak is primarily known for its exceptional mechanical durability.

In addition to oak parquet, we also make:

- steamed acacia parquet,
- steamed cherry parquet,
- treated ash tree parquet,
- olive wood parquet,

as well as some other types of wood at special request of clients.

As final treatment of parquet, we use only **RUBIO MONOCOAT** oil because of their many positive performances:

- Ecological oils for floors
- Color and protection in only one layer
- A wide range of colors (over 50 shades)
- Keeping the look of natural wood
- Environmentally responsible: 0% VOC
- Do not contain water
- Easy adhering to all types of wood
- Very high resistance
- Resistance to water
- Resistance to heat
